Accadis Hochschule – Bad Homburg, Hessen, Germany

Experience

Kenzie Academy at Southern New Hampshire University Oct 2020 to April 2021

Front-End Development Student

- Six Month Intensive Front-End Development Program.
- Design, create, and modify static web pages that conform to HTML5 specifications.
- Analyze the client-side performance of a web page to better understand the consumer experience.
- Imagined, created, and deployed interactive and mobile-friendly applications for the web using the latest web technologies; including HTML5, CSS3, JavaScript (ES6+), and React.

Kenzie Academy at Southern New Hampshire University April 2021 to Oct 2021

Back-End Development Student

- Six Month Intensive Back-End Development Program
- Leveraged Python, MongoDB, Django, and other languages for algorithmic tasks.
- Developed expertise in backend functionality and database tasks to solve more complex problems.
- Identified and fixed performance bottlenecks in web applications and proposed viable fixes.
- Conducted system audits to isolate inefficiencies and issues and implemented changes to improve applications performance, security and stability.

Additional Experience

Instacart – *Chicago Land Area* as Full-Time Shopper April 2020 to Present

- Provide full time shopping assistance to clients in need.

Chicago City Distributors, Inc. – *Hickory Hills, Illinois* as Logistics Associate July 2020 to Sept 2020

- Implemented logistics systems for invoicing and provided ongoing maintenance support.

H&H Hotels – *Frankfurt am Main, Hessen, Germany* as Supervisor June 2017 to Dec 2018

- Supervised 60 individuals daily across two hotels per shift to ensure day-to-day operations are carried out efficiently.

Urban Kitchen Deutschland – *Frankfurt am Main, Hessen, Germany* as Assistant Manager March 2016 to March 2018

- Conducted opening and closing accounting activities and managed a team of 14 individuals daily.
